Hagay Katz
Chief Product & Marketing Officer

Hagay serves as Gilat's Chief Product and Marketing Officer

Prior to joining Gilat, Hagay served as VP Strategic Accounts - Cyber Security at Allot Communications (Nasdaq – ALLT) where he was instrumental in transforming Allot to be the market leader of network-based cyber-security as-a-service for communication Service Providers.   Previously he served as Gilat's Head of the VSAT Line of Business. In this period Gilat became the world leader for LTE cellular and commercial In-Flight broadband Connectivity over satellite. Earlier in his career, Hagay held senior positions in Sales, Marketing and Product Management at Modu Mobile, PacketLight Networks, which he co-founded (Acquired) and Telstra Research Laboratories. Hagay started his career in an elite technology unit of the IDF and is the co-author of nine granted patents.

Hagay holds a BSc and MSc in Electronic Engineering from Tel-Aviv University and an MBA from Monash University.
