

GILAT PRESS RELEASE

Hispasat Selects Gilat for a Multi-Million Dollar Project to Deliver Broadband Services in Mexico

Hispasat to deploy Gilat's multi-service platform to provide commercial broadband services throughout Mexico using Amazonas-5 Ka HTS capacity

Petah Tikva, Israel, February 20, 2018 -- Gilat Satellite Networks Ltd. (NASDAQ, TASE: GILT), a worldwide leader in satellite networking technology, solutions and services, announces that Hispasat selected Gilat's innovative platform for a multi-million dollar project to provide broadband commercial services in Mexico using Hispasat's Ka HTS capacity of the Amazonas-5 Satellite. A potential of tens of thousands of Gilat's VSATs are estimated to be deployed over the next few years, as Internet Service Providers (ISPs) ramp up their service.

Gilat's SkyEdge II-c, multi-service platform, optimally utilizes the high throughput satellite resources delivering cost efficient bandwidth while providing excellent user experience. The platform was selected to commercialize the full capacity of Hispasat's Amazonas-5 Ka beams over Mexico, enabling Hispasat and its customers to offer a variety of services such as broadband Internet services, WiFi connectivity in semi-urban and rural locations, and mobility applications to government and private sector clients.

"Gilat and Hispasat are cooperating in multiple projects around the globe, and we are now pleased to deploy Gilat's SkyEdge II-c platform to maximize the benefits of our recently launched multi-beam Ka satellite, Amazonas-5," said Ignacio Sanchis, Chief Commercial Officer at Hispasat. "Gilat's multi-service cost effective platform is ideal for business development for Hispasat and its' clients in Mexico, enabling quick service expansion to a variety of vertical markets."

"We are honored to join forces and grow our business with our longstanding partner, Hispasat, to develop the Mexican broadband market, and see this deal in Mexico, as a significant step in delivering on our promise for regional recovery," said Ron Levin, VP Global Accounts at Gilat. "We are excited about this collaboration and opportunity, and are pleased to deliver our SkyEdge II-c multi-service platform to bring quality, plentiful and affordable broadband to unserved and underserved regions throughout Mexico."

About Hispasat

HISPASAT is comprised of companies that have a presence in Spain as well as in Latin America, where its Brazilian affiliate HISPAMAR is based. HISPASAT is a world leader in the distribution and broadcasting of Spanish and Portuguese content, and its satellite fleet is used by important direct-to-home television (DTH) and high-definition television (HDTV) digital platforms. HISPASAT also provides satellite broadband services and other added value solutions to governments, corporations and telecommunication operators in America, Europe and North Africa. HISPASAT is one of the world's largest companies in its sector in terms of revenue, and the main communications bridge between Europe and the Americas.

About Gilat

Gilat Satellite Networks Ltd. (NASDAQ: GILT, TASE: GILT) is a leading global provider of satellite-based broadband communications. With 30 years of experience, we design and manufacture cutting-edge ground segment equipment, and provide comprehensive solutions and end-to-end services, powered by our innovative technology. Delivering high value competitive solutions, our portfolio comprises of a cloud based VSAT network platform, high-speed modems, high performance on-the-move antennas and high efficiency, high power Solid State Amplifiers (SSPA) and Block Upconverters (BUC).

Gilat's comprehensive solutions support multiple applications with a full portfolio of products to address key applications including broadband access, cellular backhaul, enterprise, in-flight connectivity, maritime, trains, defense and public safety, all while meeting the most stringent service level requirements. Gilat controlling shareholders are the FIMI Private Equity Funds. For more information, please visit: www.gilat.com
