Gilat Awarded Contract to Supply Satellite Communication Equipment for Military Usage

Gilat chosen as sole provider to address most advanced present and future defense connectivity requirements

Petah Tikva, Israel, June 10, 2021 –Gilat Satellite Networks Ltd. (Nasdaq: GILT, TASE: GILT), a worldwide leader in satellite networking technology, solutions and services announced that it was awarded a contract to supply satellite communication equipment for military usage. Gilat was chosen as the sole provider to address most advanced present and future defense connectivity requirements.

Today's net-centric warfare and the digital transformation have increased the importance of satellite-based communication solutions in the battlefield. Gilat's advanced technology exhibits superior performance and efficiency, thus meeting defense long-term requirements.

"Gilat will provide the defense satellite communication infrastructure that is a critical necessity on the battle field, wherever and whenever communication is required," said Res. BG. Eyal Zelinger, Gilat's Vice President of Defense. "We are proud that Gilat's SkyEdge II-c platform and roadmap answer the most stringent requirements and thus provide the technological capability to enable realizing the demand of digital warfare. Furthermore, this contract is a significant step in implementing Gilat's strategy in the global Defense market."
