

GILAT PRESS RELEASE

Gilat Receives Multi-Million Dollar Award from US Army to Supply High Performance BUCs for Tactical Communications

Wavestream to supply additional 50W Ka-band BUCs for US Army program sustainment

Petah Tikva, Israel, July 29, 2021 -- Gilat Satellite Networks Ltd. (Nasdaq: GILT, TASE: GILT), a worldwide leader in satellite networking technology, solutions and services, announced today a multi-million-dollar award by the US Army to supply high-performance BUCs for tactical communications. Gilat's fully owned subsidiary, Wavestream, to supply additional 50W Ka-band BUCs for program sustainment that is well into its second decade.

Wavestream's Matchbox 50Ka MIL was originally fielded by the US Army in WIN-T Increment 1 as early as 2007 and is still active in service today. With over 5,000 amplifiers shipped to date, this is easily the largest deployment of high performance Ka-band BUCs supporting Comms-on-the-Quick-Halt (COTQH) tactical communications around the world.

"We are honored that Wavestream can continue supporting the US Army's communications requirements," said Bob Huffman, Wavestream's General Manager. "The longevity of this program, and the part that Wavestream Ka-band BUCs play in sustaining these services, is a testament to the long term value of solid-state solutions in the most demanding environments."

About Wavestream

Wavestream, a Gilat subsidiary is the industry leader in the design and manufacture of next generation satellite communications high power transceivers for In Flight Connectivity, Ground Mobility and Gateway markets. Since 2001, we provide system integrators with field-proven, high performance Ka, Ku and X band Solid State Power Amplifiers (SSPAs), Block Upconverters (BUCs), Block Down Converters and Transceivers. We design, manufacture and repair our products in-house and have delivered over 40,000 systems in the past 15 years. Wavestream products provide high quality and reliability under the harshest environmental conditions and we are currently certified to ISO 9001:2008 and AS9100D standards. For further details please visit www.wavestream.com

About Gilat

Gilat Satellite Networks Ltd. (NASDAQ: GILT, TASE: GILT) is a leading global provider of satellite-based broadband communications. With 30 years of experience, we design and manufacture cutting-edge ground segment equipment, and provide comprehensive solutions and end-to-end services, powered by our innovative technology. Delivering high value competitive solutions, our portfolio comprises of a cloud based VSAT network platform, high-speed modems, high performance on-the-move antennas and high efficiency, high power Solid State Amplifiers (SSPA) and Block Upconverters (BUC).

Gilat's comprehensive solutions support multiple applications with a full portfolio of products to address key applications including broadband access, cellular backhaul, enterprise, in-flight connectivity, maritime, trains, defense and public safety, all while meeting the most stringent service level requirements. Gilat controlling shareholders are the FIMI Private Equity Funds. For more information, please visit: www.gilat.com
