

Press Release

Gilat Awarded Over \$3M Follow-On Order for Public WiFi Service in Latin America

Government-sponsored Social Inclusion project enables internet connectivity in rural areas not supported by terrestrial networks

Petah Tikva, Israel, April 4, 2024 — Gilat Satellite Networks Ltd. (NASDAQ, TASE: GILT), a worldwide leader in satellite networking technology, solutions, and services, announced today the award of more than \$3 million for a public WiFi solution in Latin America. This follow-on order significantly extends the number of sites in the program and highlights the importance of social inclusion projects aimed at bridging the digital divide.

The public WiFi solution provided by Gilat is being extended by hundreds of sites and will play a crucial role in expanding internet access to thousands more people across rural areas where terrestrial infrastructure is limited or absent.

"We are thrilled to continue deploying advanced public WiFi infrastructure across Latin America," said Hagay Katz, Chief Product and Marketing Officer, Gilat. "This follow-on order not only signifies our expertise in delivering scalable networking solutions but also emphasizes the significance of initiatives focused on social inclusion and digital empowerment."

About Gilat

Gilat Satellite Networks Ltd. (NASDAQ: GILT, TASE: GILT) is a leading global provider of satellite-based broadband communications. With over 35 years of experience, we create and deliver deep technology solutions for satellite, ground, and new space connectivity and provide comprehensive, secure end-to-end solutions and services for mission-critical operations, powered by our innovative technology.

We believe in the right of all people to be connected and are united in our resolution to provide communication solutions to all reaches of the world.

Our portfolio includes a diverse offering to deliver high-value solutions for multiple orbit constellations with very high throughput satellites (VHTS) and software-defined satellites (SDS). Our offering is comprised of a cloud-based platform and high-performance satellite terminals; high-performance Satellite On-the-Move (SOTM) antennas; highly efficient, high-power Solid State Power Amplifiers (SSPA) and Block Upconverters (BUC) and includes integrated ground systems for commercial and defense, field services, network management software, and cybersecurity services.

Gilat's comprehensive offering supports multiple applications with a full portfolio of products and tailored solutions to address key applications including broadband access, mobility, cellular backhaul, enterprise, defense, aerospace, broadcast, government, and critical infrastructure clients all while meeting the most stringent service level requirements.
