

## Press Release

### **Gilat Satellite Networks to Present at the LD Micro Main Event XIX**

*The presentation will take place on Tuesday October 21, 2025 at 9:30am PT*

**Petah Tikva, Israel, October 6, 2025** — Gilat Satellite Networks Ltd. (NASDAQ, TASE: GILT), a worldwide leader in satellite networking technology, solutions, and services, announced that it will be presenting at the LD Micro Main Event XIX at the Hotel del Coronado in San Diego, California on October 19-21, 2025. This year's conference will showcase senior executives from public and some private companies across various sectors and geographies.

Mr. Gil Benyamini, CFO will be presenting to investors on Tuesday October 21, 2025 at 9:30 AM PT. We invite interested parties to register to watch the presentation virtually <https://ldmicrocasts.com/>.

In addition, Mr. Benyamini will be available for one-on-one meetings with investors throughout that day at the conference. To schedule a meeting with Mr. Benyamini, please contact an LD Micro representative or email a request to the Gilat investor relations team at [gilat@ekgir.com](mailto:gilat@ekgir.com).

#### **About LD Micro**

## About Gilat

Gilat Satellite Networks Ltd. (NASDAQ: GILT, TASE: GILT) is a leading global provider of satellite-based broadband communications. With over 35 years of experience, we develop and deliver deep technology solutions for satellite, ground, and new space connectivity, offering next-generation solutions and services for critical connectivity across commercial and defense applications. We believe in the right of all people to be connected and are united in our resolution to provide communication solutions to all reaches of the world.

Together with our wholly owned subsidiaries Gilat Wavestream, Gilat DataPath, and Gilat Stellar Blu, we offer integrated, high-value solutions supporting multi-orbit constellations, Very High Throughput Satellites (VHTS), and Software-Defined Satellites (SDS) via our Commercial and Defense Divisions. Our comprehensive portfolio is comprised of a cloud-based platform and modems, high-performance satellite terminals, advanced Satellite On-the-Move (SOTM) antennas and ESAs, highly efficient, high-power Solid State Power Amplifiers (SSPA) and Block Upconverters (BUC) and includes integrated ground systems for commercial and defense markets, field services, network management software, and cybersecurity services.

Gilat's products and tailored solutions support multiple applications, including government and defense, IFC and mobility, broadband access, cellular backhaul, enterprise, aerospace, broadcast, and critical infrastructure clients, all while meeting the most stringent service level requirements.
